

Martin Luther King Day Jr. Walk: January 18, 2010

The Cannon Falls CHI, along with the local banks, welcomed the Cannon Falls community to come out on MLK Day to show support for the youth as they strive to stay alcohol, tobacco and drug free. They walked the track in the new Cannon Falls High School field house for 23 minutes. Each minute represented a year in the life of David Fischbach. David was 23 when he was killed in an alcohol related car crash. His mother, Jamie, was there to share her story. Events for the evening included a gathering for general information at 6:30pm in the CFHS auditorium. The walk started at 7:00 and then the "Heart of David" story will be shared at 7:30. It was a great event!
