

# Red Wing Seller/Server Training & Informational Session

*You and your employees are cordially invited to attend the upcoming*

## **Seller/Server Supplemental Training Session!**

In November of 2009, there were 7 Red Wing establishments that failed the annual compliance check. As a result, there were consequences to both the employee that sold the alcohol to the minor and to the establishment. We want to help to make sure that this does not happen in the future!

At the request of a local merchant who failed the compliance check, we have put together a supplemental training opportunity for all Red Wing liquor establishments. This is a great opportunity for owners, managers, sellers and servers to gain additional supplemental training and hear the "real-life" consequences that can come from selling to minors.

Following is a preview of the agenda:
