

Red Wing Early Release Cross Country Ski and Snowshoeing Event: March 1, 2011

The Red Wing CHI Council sponsored an early release event for the middle school students on March 1, 2011. The CHI partnered with the ELC (Red Wing Environmental Learning Center) on the event. The kids had tons of fun cross country skiing, snowshoeing and sledding behind the middle school. They warmed up with hot chocolate and snacks! Handouts were given to each participant that included information on the council, community and promoting Chemical Free lifestyles. The CHI council thanks the ELC for all of their efforts in helping to make this event successful!
